Sprint Wireless Voice & Data pricing is calculated as follows:

Customer Price = MSRP – Customer Discount

* DIR requires a 2% Cost Recovery Fee (CRF) be added to Vendor pricing.

New corporate-liable active units are eligible for a discounted device price based on a device minimum service term of either 12 months or 24 months. The discounted device price for a device with a device minimum service term of 12 months is at least equal to the One-Year Net Price defined as 30% off the Suggested Retail Price. The discounted device price for a device with a device minimum service term of 24 months is at least equal to the Two-Year Net Price defined as the Suggested Retail Price, less \$150, less the instant rebate (if any), less the mail-in rebate (if any). The devices offered with the discounted prices may change at any time in Sprint's sole discretion. Sprint may offer a different discounted device price for devices with a different device minimum service term. The discounted device offers may not be available in all sales channels.
